

West Paw

Quail Nest Toppl[®]

6 Ingredients

Difficulty: Medium

Ingredients:

- 2 quail eggs
- 2 tbsp microgreens and/or broccoli sprouts
- 1 tbsp goat cheese (something super smelly!)
- 6 oz. of raw food (or your pup's favorite meal)
- 6-10 blueberries
- 3-5 pcs freeze-dried duck treats

Directions:

1. Smear a bit of something novel to your dog at the base of the Toppl (I used goat cheese – the smellier and more high value - the better!)
2. Crumble and sprinkle freeze-dried Duck treats and add a portion of your dog's regular meal.
3. Using the base of a spoon, create an indentation and fill with microgreens to create a 'nest' for the quail eggs.
4. Add your quail eggs to the nest - you can leave them whole, or snip open the tops.
5. Add blueberries for extra antioxidants. Feed fresh or frozen!
